PROJECT

Investor Insights: Dynamic Web Platform for Stock Market Analysis and Investor Profiles

- Developed "Super Investor Page," a responsive web platform showcasing prominent stock market investors' profiles.
- Utilized HTML, CSS (Bootstrap), and JavaScript to create an interactive and visually appealing user interface.
- Implemented dynamic card components to display investor details and associated stock preferences effectively.
- Integrated user input validation using JavaScript to ensure accurate data handling and user-friendly interaction.
- Incorporated responsive design principles to optimize user experience across various devices and screen sizes.
- Collaborated with a team to refine features and enhance application performance based on user feedback.
- Documented project specifications and codebase to facilitate future maintenance and updates.

ACHIEVEMENTS

- Contributing to impactful social initiatives that improved the lives of community members
- Winner of Inter School Badminton Tournament [2019]

HOBBIES

- Playing Cricket
- Farming
- Cooking

CERTIFICATIONS

- Completed Frontend Web Development Program at V Cube Software Solution.

DECLARATION

I, do hereby confirm that the information given above is true to the best of my knowledge.
